Relaxing but also arousing file. It's a bit different and more experimental than most files. Cleverly uses during the file.

This file is somehow different as the things you will witness during trance might differ. But nevertheless it will be a very arousing and pleasurable experience close to Domina Shelle. i love this file and i hope i did not spoil to much as the content shall stay a surprise just as my beloved Domina intended.

I really like this file because it's the perfect mix of relaxing and sensual. Everything about it begs to be put on repeat and I can tell it's going to get many listens from me. A blissful, addicting, and surprising deep trance.

This is another amazing work from Domina Shelle. This file is kind hard to review it, I had only realized that I have listened to it because I woke up in the morning and it was still playing. In the end you will be filled with pleasure and desire to obey her. Let this file playing during the night and you will be surprised in the morning. You will literally be addicted by her in a matter of words.

Umphhhh.... got the last 3 sessions in one batch and listened to them on repeat during several nights and every time i think i can't get any deeper Domina Shelle gets deeper into my mind pulling me so deep into submission for Her.. it's just unbelievable how powerful She got, how much control She has.. i just mindlessly obey Her, trust Her completely, file description or not, if Domina Shelle tells me i have to listen i listen without question and hesitation. The urge to obey Her became to powerful resist.

Do you trust Princess Shelle? While her files often take unexpected turns, there's something incredibly hot about not knowing *anything* about what's going to happen. I'm pretty sure I still don't recall everything that happened, and I don't want spoil the ending for anyone, but what I can say is that by the end, I was completely surprised by how much I desired to obey her.

A beautiful, relaxing, arousing and dreamlike session. It's definitely a session that I can look forward to listening to repeatedly in the future... Like tonight at bed time, in fact.

No spoilers here. Suffice to say that Domina Shelle knows how to take you down and make you crave more and more to give up control to her. You should always trust her. She knows what is best for you.
