I really loved listening to this file. It wasn't only arousing, but very uplifting and positive as well. It just felt good...it confirmed that Princess Shelle wants the best for us by wanting us to BE THE BEST. I felt my loyalty grow by leaps and bounds. And this file will certainly be added to my favorites list. Thank you Domina for building me up while simultaneously taking me down to worship at your feet.

Domina wants you to be the best that you can be for yourself and for Her. Embrace Her power and control and enjoy Her commands because She knows what is best for you.

The seeds are deeply placed in my mind. Resisting is fun, but letting go is better... Aslong as I know I am lucky and happy and in a safe control of Shelle Rivers it all is okay. This file is really good if you want a good night sleep :) 5 stars, easy... it's shelle rivers ;)

I love the feeling of Domina Shelle making changes in me and turning me into what She wants. This file, at least from the parts I can remember, is all about that power She has now. It does exactly what the title suggests, making you mindless and molded, and it feels amazing to be a little more perfected each time.

This file was a wonderful experience. I was taken down into an extremely deep trance. And I awoke feeling refreshed, highly aroused and absolutely amazing. Life does not get better than how I feel after listening to this session!

The more I listen to Domina Shelle, the deeper and more powerfully I am program in accordance with Her designs. I remember almost nothing of this file, but I am always weak to my Domina, and strong for Her.

On the journey to becoming Her perfect slave, Domina Shelle utilizes a creative invention to achieve our mutual goal. i felt the most pleasurable sense of surrender to what Domina has planned.

Journey slave review. i'm not really sure what happened in this file. All i know is that i woke up extremely horny, stroking myself, and in a fantastic mood. This is why i keep coming back. No one can make feel like this except Domina Shelle. She commands and i obey!

It's time for more of Domina's wonderful brainwashing. Every file I listen to seems better than the last. I'm not even sure why I'm writing a review for this file - if you've listened to her other brainwashing files you're going to listen to this regardless of what I say.

After listening i'm as aroused as i'm confused. i have no clue what the content of the file was. As i woke up my hands were slightly stroking my chest and my tummy. But i'm feeling also great and relaxed. Whatever my Domina did to my mind in trance must have been so good. With a smile on my face i am so happy to be Hers completely. i love Her every day more. i am so weak for Her, She gives the order and i'll obey.
