This is a delicious brainwashing file that Domina Shelle gives us slaves. While it isn't officially hypnosis, it is still a wonderful file to loop (and Domina provides both short & long versions) in the background to occupy our subconscious and unconscious mind to serve Her & to deepen our slavery while we do whatever tasks our conscious mind is doing. Strongly recommend looping this file to really become mindless and to be a good slave for Domina! After all, hearing Her voice everyday is part of life's meaning. If you can't listen to a hypnosis session everyday, this is a great 'alternate' to deepen your servitude. -scooter

I want to become fully owned by Shelle as soon as possible and this file seems very well suited. One can listen to it daily and for a long time. This will bring me closer to my Domina...

This is a great affirmation file that you can listen to while you mantra each day or listen to before or between trances. I listen to this daily to reinforce Domina's will on me so that I am reminded of my role and my responsibilities. After frequent listenings you will come to appreciate how powerful this file really is!

This is a wonderful brainwash file. It does not attempt to put you in a trance directly although if you are deeply conditioned to Domina's voice then you may drop anyways. Play it in the background while you relax and let Her slowly take control and push you deeper and deeper into submission. This file works extra well when looped while you sleep at night.

i just can't describe this File probably, i am a Contracted Slave, i have listen to this File for a Month Daily and now again, but i still can't describe this File at all, it's like floating in heaven, floating in pure bliss, no resistance, no thought, just obedience, just falling for her more and more and even if you are already her slave, you still will get this wonderful feeling of beeing enslaved by her again, not just on the first listening, it will happen every single time you listen to it again and you surely will listen to this File over and over again, i can't tell what it is about this File, but as soon as i wake upo i wished i would not wake up in my Bed, instead i wished i would wake up at her Feet, this feeling of enslavement, i would not know what to do without her anymore...i literally would run a round helpless, mindless and without an goal to reach, luckily that's nothing i have to worry about, because i always will be hers forever and ever, infact i trully believe it's my destiny to be hers for the rest of my Life and i surely don't mind this, there is nothing better i could imagen as to be underneath hers forever and always ^^
