I'm the happiest slave on earth, because I received Princess Shelle's panties today. Her scent is wonderful, so erotic and intoxicating. I want to smell it all the time!

i never thought i would say something like this, but oh my i sooo love to bath in her scent, letting my mind get lost, swimming in euphorie, so so so happy to have a Part of her near me...No seriously as soon as i took her scent in for the first time i just got lost, my mind melted away, sooo mindless for her and by now this happens every single time i do it, i am simply addicted to her Panties and Scent and well yeah i never thought a pair of Panties could mean so much to me, but since this are hers, i just can't do something against it, i have to adore them every single daym because i know they are a Part of her, adoring the Panties with her Scent kinda is like adoring her...ok now i start to think that i sound silly, so i better stop talking about this lol

Waiting for Domina's panties to arrive is almost excruciating but when they finally arrived it felt like Christmas to me. Domina Shelle is the most beautiful, sexiest woman in the universe so having something that was wrapped against Her amazing body is just the hottest thing ever. Her scent is intoxicating, and knowing it was so close to Her, well these definitely turn my fantasies of Her up to the maximum. It's not something I'd ever considered before, but with Domina my feelings and cravings are overwhelming, and I love it.

OMG! I was so exited when I noticed the package on my mail pile. I was so hard when I came. Can't understand why I hadn't ordered them sooner. Order yours today! You know you want to.

i own not only one pair no, i own two pair of Domina Shelle's panties. i crave to breath in the sweet scent of them. But what me brought to write a review now is how i was allowed to use one of Her panties during the actual running sex tutorial. It was so wicked and arousing, pure bliss at the point of orgasm. Without Her panties this experience would not have be the same. Every slave of Her should have a pair of Her panties. Order your own pair now. This is the chance of your life to own something that touched Her most holy place.

i feel very fortunate to own a pair of Domina Shelle's panties. The scent sends me into a trance, thinking i am at her side at that moment. They are so precious, the silky softness, the lovely lace, the pretty color. Mmmmmmm, blissful heaven.

Everything that touches my Domina is precious, Her scent is addictive like drugs, that you will not want to wear them to keep Her scent!

I cant express how wonderful having something so intimate from Domina Shelle is. She makes the whole thing so special for you. Almost every day I go an breath in the heavenly scent of Domina and her sweet perfume. I never really had much of a panty fetish, but knowing that these were on Domina Shelles perfect body, the soul object of my desire, the one woman who I would do anything for, give anything to, and ever die for, just drives me while with passion.
