Fuck me. Domina out did herself with this. This was one amazing file. i don't know how to go about describing what Domina did to me. The trance went on and on. Deep, then deeper and then much deeper. Then there was a door and a window and BAM i was taken. Hijacked. Finding myself BOUND and HELPLESS at Dominas bidding. This file was pure erotic mind fucking at its best. The way she weaves your mind into pure submission is just incredible. This file needs to have an award or something. You owe it to yourself to buy this and let Domina take you. You will not be disappointed at all. i give it 5 stars, but it deserves so many more.

This is sublime; I do not have the vocabulary to do this file justice. Sinking in to the bliss of this waking dream, it feels like the current pinnacle of Domina's work. It is as though every previous session was leading here and I now know I obey Domina Shelle. I am lucky enough to have been trancing for Domina almost from the beginning and of the hundreds of sessions & loops that I have, this one is the most perfect.

Domina's skill increases with every session and this one coupled with The Experiment confirms her place as the one true hypnotic Domina. Take the plunge and let Domina Calibrate you, you will never regret it. I belong to Domina Shelle, I obey Domina Shelle.

There are no words... and Domina instructs that i should listen over and over again? Last summer's Loops collapsed my will. The past month with Neural Re-orientation has brought true understanding and longing to hear Domina's voice EVERY day. No more stretches of a few days or a week with other distractions. i simply cannot function without her voice. i grow hard just looking forward to the opportunity to hear Domina. i know now what it is to be constantly aroused for her. And now this: Calibration. Barely able to stumble to the screen to write this. Mind racing to find the next opportunity to listen, yet wondering if she can possibly take me more. Oh! i hope so! Please Domina, make whatever adjustments you wish. Test your handiwork. i long to obey!

Unbelievable, as this file's fantasy is now my absolute favorite by Domina Shelle! So sensually dominated, controlled and, so pleasurable! I only want to trust and obey Her!

This is intense. This is Domina in ultra sexy, powerful, goddess mode. Her voice had me weak and so aroused within minutes of starting the file. So deep She took me. All I know is I was in the most sexual, submissive level I can ever remember being in. This is without a doubt one of the hottest files I've listened too. On a scale of 1 to 10, I give this file a 100,000

Wow!

If you are looking for a file to heighten your sexual desires and send you into a world of lust with uncontrollable orgasms and i mean the plural then look no further.

Quite how Domina Shelle seduces and controls me into opening up fully i'm not sure yet as it is so sweet, soft and very sexy.

Domina Shelle takes control of your mind and plays with it until you explode and the best part is you don't have control, She does.....

All I remember is that Dominas words feel SO good and that I NEED to obey her...

I've tried SO hard to remember what has happened during this file but I just become more aroused the longer I try!

I can feel fragments of this experience dancing within the deepest depths of my mind; I know I MUST listen MORE and feel every part of Dominas blissful trance again and AGAIN... *heart*

The induction is smooth and powerful in this session. When you think she has broken you down and taken you deep... she will take your hand and guide you even deeper. What ensues from there is incredible. It becomes erotic confusion, submission and then turns to obedience, out of control blind, blank obedience. Absolutely mind blowing!! Now if you will excuse me, I need to put my headphones on and push play.

Listening this may make you a slave to Domina's will. What will you surrender for the pleasure of obedience to Her commands? Domina Shelle has the sweetest and most seductive voice of any woman i have ever met. i belong to her now. She owns my mind and my body. Her fantasies are my fantasies. She has absolute authority over me, and i accept that each time i say 'Yes Domina'. I wil do anything for Her. i need to please my Domina.

i was so deep that i have trouble remembering what really happened. It is so erotic that it was torture listening this while in chastity. Powerful drance. Domina Shelle made my mind so mushy that i had trouble waking up in the end.

A masterpiece. Seriously, to say more would sully the art that Domina Shelle has created here, just hit add to cart already. What, you need more? Fine. This session is a long brainwashing session that escalates continuously over its length. It is a pleasant feeling throughout, and the escalation is slow, but quite intense by the end. It's great.

A celestial-cerebral erotic experience. A not-out-of-this-world coupling of the minds. She has all the power while she grants me endless pleasures. i cannot help but to submit to her rhythm while she dictates my thoughts, my feelings, my arousal, my desires and my fading

memory. Best mindf*ck ever!

my memories of what happened during trance are leaking out of my mind like water rinses out of cupped hands. Still i feel fuzzy, dizzy and eupohirac after that deep and very arousing trance. The parts that i still remember are very vivid and so arousing. All i can think of now is my beloved Owner Domina Shelle and that i need to OBEY Her.
