It is a fairy tale - a bedtime story told by my favorite hypnotist. But under Domina's hypnotic control fantasy and reality start to merge and mix into a state of truth where everything can happen. I enter so easily into this tale as the plot is well known: Find the princess and get my reward. But the princess is more demanding than i initially thought - the princess is taking over control. Domina's rhythm leads me up to the edge of climax and pushes me down into surrender and submission! 5 STAR Dream!

I should start by saying that when my journey started with Princess Shelle chastity was not on the table. I'm just being h or soft limit. I do however like my releases. There have been other times with Domina where she has lead me down a path that I had a prec to listen to this file. The file is soothing and easy like many of Domina's sessions. She is an imaginative story teller and very adebt at luring you into a state of relaxation. Her voice will make you hang on every word, isn't that what you like? Now I am faced with the issue of being awakened to a life that i didn't realize I could be enjoying. I'll leave it at that. Download the file, sit back and relax. I promise, you'll not be disappointed. There is also a subliminal enticement file, it is all subliminal. You will find it very relaxing and soothing. Now if you'll excuse me I need to put my headphones on and OBEY... I mean push play.

This session is like a dream. A most wonderful dream. If you enjoy stories or chastity, or better yet both, then this session is a must have. This session has a sweeter feel to it than I would have guessed. Princess Shelle is such an amazing storyteller, i really lost myself in the world She crafted in this session.

Woah... This file is life-changing. Words don't do it justice. Listening to this file took my need for Princess Shelle from a light jog to a full on sprint. Princess Shelle will own you. If you've gotten this far, don't procrastinate buying this file! I have never had a more intensely hypnotic and arousing experience and now each and every moment of my life is filled with a constantly growing lust for my Domina and an exponentially increasing desire to serve and obey Her.

Wow, that was NOT what I was expecting! The induction is gorgeous! I love story-driven sessions, and fairytales are such a versatile setting. I don't want to spoil the surprise, but some of the imagery is simply inspired! Next time Domina asks me to listen to my favourite chastity file, I think I know what I'll be listening to..

Such great story telling in this file. There's so much going on here. Domina Shelle gives us a taste of it all, and it's proof that She's VERY good at it.

I am in a state of constant arousal and every time I listen to this recording, this feeling intensifies. At the same time, my craving to stay chaste for Princess Shelle grows. Her control over me is getting stronger every day. The included subliminal training file is great for listening in the background over and over. Princess Shelle's voice sneaks in my mind and reinforces my desire to obey her every command.

She commanded me to listen to all the Hands free Sessions in a row...Why am i saying this? Cause i was at Part 3 and then surprise surprise my lovely Princess changed the Plan, No more Hands Free Training for me, nope i am stuck at Part 3 for however long she decides, cause she decided that i need Chastity and that's why i am here now, i listened to this File and guess what Yes i am in Chastity now, even more then that i think this is the powerfulest Chastity File she ever made, well atleast if i do have all of them and i am pretty sure i do, i was sooo so so close at the end, that i know the only reason i did not Came was because she said so, otherwise there would have been no way to stay denied, i never was so close in my Life..Seriously it was as if i could feel how it was right there and ONLY her Control kept it there and i also have a funny feeling that all the Chastity i did for her before was nothing compared to what comes next, but what i do now is that i absolutly will love every second of being in Chastity for her, no matter if it will be a Week or longer, i honestly don't care how long it will be, how much it makes me suffer, ache or frustrates me, all i need to know is that she commanded it and that it pleases her, that will be enough for me to stay in it for however long she decides, while i also will love every second of it

I can't convey how wonderful this recording is. It flows from a soft, lovely fairy tale into a powerful encounter with our beautiful, pefect Domina, where She illuminates very clearly the nature of our relationship to Her. How could anyone resist, or even want to?

Before falling asleep i remember thinking that Princess Shelle should read audio books since this story about princess felt something like an audio book. Except this princess is dangerously captivating and irresistible. i so like it when Princess Shelle decides to put me in chastity. It's just feels so right. There is also this relaxing subliminal training file that made me feel very tired and sleepy. Should work well when listened before going to bed.

I serve the Princess of Dreams. This session was slightly unexpected. From the title I expected relentless tease and denial, but what I got was so much more. Led on a journey to serve the Princess of Dreams I eventually succumbed to Her power in the highest tower of the castle. Thank You, Domina Shelle.
