A session i return to often. A very deep trance, very limited recollection but a very definite physical effect. Domina show her true power and if you listen to this session you will never turn back. Domina is truly glorious, powerful with a truly hypnotic voice you can surrender to.

With a leaf taken from the Matrix film you are offered (the illusion) of choice, to be freed from the influence of Domina or to go deeper into Her world to learn more about what it means to submit, serve and obey this amazing Woman. Very likely you will select the red pill and so begins your new life of endless addiction and submission to Her will. By agreeing you essentially accepting that you are open to being reprogrammed, Hacked to surrender inexorably to Her domination and control. The conditioning portion of the session is exquisite, powerful and subtle at the same time, and you slowly feel yourself losing all sense of who you are and become utterly focused on how Domina influences every aspect of your life, past, present and future. The sensation is surreal but very erotic and, more importantly, extremely compulsive. This session is really for listeners who want to push their boundaries and crave experiencing complete submission to the quite amazing and alluring Domina Shelle.

The sweet protective voice is the voice of my very own subconscious mind. I easily go into a deep trance with such a voice. It took me three repetitions to realize what i am actually listening to: The most creepy and sneaky file i ever allowed HER to slip into my mind! A feeling of loss - of disorientation - of insecurity evolves from the deep subconscious slumber - a true feeling of being hacked! I TOTALLY LOVE this - 5 red stars!

With a giggle, Domina gives me the choice to free myself from her brain altercations. All I had to do is take a blue pill. I couldn't do it. Instead I removed every firewall I had so she had more complete access to my prefrontal cortex. There I eagerly left my malleable thoughts, desires, and will into her hands to reshape. I don't know how to explain how Domina does what she does. Her genius is too artful and intuitive for me to ever hope to understand. Her words surgically shapes my brain with such descriptive eroticism and then has me edging to this reality. It is impossible to deny what she says is the truth because she has made it so. She tells me plainly what is happening while I must acknowledge everything she says as completely true. This absolute power makes me more and more horny, and when I'm horny, all I want is to return to her voice. She just sweetly giggles knowing I have no free choice at all.

Powerful mind hacking from Domina Shelle. She is in total control and has been from the beginning. She dictates slaves fate. She lures them in and takes over. No resistance.

The induction on this file is confusion and once you start listening You will understand. I have been under Domina Shelle's control for about a year now. She gets better and better all the time. This file is no exception. It is powerful brainwashing at it's very best. I don't like to give away too much when I do these reviews, wheres the fun in that. Suffice to say you will be aroused and she will break you down into submission to her will. ABSOLUTELY INCREDIBLE!! Now if you will excuse me, I need to put my head phones on and push play.

Domina's voice is the most beautiful, soothing and seductive sound on Earth. Between my falling wonderfully deeper under Her sweet control and Her voice literally becoming more and more sexual and powerful, and what Domina says and does with my mind in this file. I can honestly say I have never been so aroused in my life.

This was a profoundly deep and utterly overwhelming trance. I am completely dominated and subjugated by and to Domina's will. This file has further addicted me to Domina's sweet, sexy voice. I have been looking forward to listening to this session again all day. Now if you'll excuse me, I am going to go listen again right now, and submit to Domina more and more.

I LOVE this file SOO much!

This is a VERY powerful mind F*ck that has affected me profoundly and effectively... I'm SEVERELY addicted to this one... Domina is a stunningly sexy genius that has truly and successfully hacked my mind and confiscated my sex to do with as she pleases...

I could listen to this file ALL DAY and I am SOO excited fantasizing about Dominas future plans and becoming further enslaved and manipulated at her lovely feet *heart*

my beloved Domina seems to be everywhere now... i love to have Her ALWAYS on my mind... i belong to Her and must be under Her control all the time... in this very vivid trance She sealed that craving as She hacked my mind... it felt so good and completely right to let Her into the depths of my mind to make it completely Hers.

Domina's voice is so sweet and sexy. She is perfectly easy to listen to. WARNING: Listening to this file may cause addiction and dependency. But it feels so good, so just listen and obey.

Inexorable was the word that stuck in my mind while trying to think about this session. Hacked is like a dream where what follows you continually gets closer and closer despite all your efforts. I never felt afraid, and there was never even an attempt to resist, just the sure knowledge that what was going to happen would happen. I have had this session for less than 24 hours and i've already listened twice. It is wonderful.

This one truly hacks your mind. I can't really recall what's in it but I feel the difference after listening to this session. If you have listened once you will feel the urge to listen more and more and more...

And since my first listening I feel more aroused more addicted more awake and more in love with our Princess...
