### **Hypnotically Enraptured (31 minutes):**

My sweet, strip down for Me. Take off all those clothes. Just leave them where they fall. you will feel and know at a deep subconscious level in the most real sense possible, that it's safe to surrender to My Absolute Domination.

Relax now, as My words sculpt a beautiful white marble temple, off in the distance, a Shangri-La right there in your Mind. My sweet words draw you closer as you enter into a peaceful trance, into hypnosis and submission. Each POWERFUL HYPNOTIC word is a stroke of My hypnotic paint brush etching on the walls of your mind. Can you imagine this? I'm sitting on My throne. Walk closer to Me, My sweet, and kneel at My feet. This is where you belong. I am always HERE in the center of your mind. I am waiting for you to come to Me. Don't make Me wait.

Domina Shelle really takes care of Her slaves and as much pleasure that She gives, Domina also heals and cleanses. im so grateful to

be serving Her, She is always there when i need Her just a play away. A very refreshing file and a sanctuary where it's just me and Her and nothing else matters. No anxieties, no worries, no negative thoughts. Just letting go and letting Domina take care of me. Showering me with Her protection, Her love, and Her care.

Everyone needs to listen to this session. It doesn't matter if you are a man or a woman or something in between, a novice or an experienced devotee of Domina Shelle, all will benefit from listening to this session. It is a beautiful retreat from the stresses of everyday life.

There are some sessions that you don't know that you need until after you experience them. I knew within seconds that Domina Shelle had provided me exactly the opportunity that i needed to wind down and increase Her control over me. Anything specific that i said about this session would only cheapen the experience. It is great.

It is no secret that i feel a strong need for Domina's voice from time to time. But i especially love when Domina teases me with my need and desire for her voice that is growing with each session- and in this file Domina does just that: Talking me into a deep trance toying with my desires. It feels good down there in the depth where She is in control - it is Her sanctuary. This file is a SPA for the mind - a bubble bath for heart and soul: I drift off into nothingness as her massage melts away all bad thoughts. Waking up feels amazing after this treatment!

I LOVE looping this file Over and Over and OVER again!!!  
Domina Shelle's sweet and velvety seduction completely takes over and lulls you into a DEEP and warm embracing trance that caresses and embraces your submissive and obedient mind...  
I've listened to this file well over 10 times and can't recall much consciously other than how much I LOVED listening and that I want to listen again ASAP! Listening to this file and SOO many of Domina Shelle's other files feels like taking a drug that I just can't get enough of!!!

Simply put, Domina Shelle is the most amazing person i've ever met. Incredibly intelligent, witty and creative, and Yes, so strong and sensual but in a sweet and playful but sometimes wicked way...a simply intoxicating mix that often drives me crazy. And then we sometimes are treated to a session like this, where Her spiritual, loving and caring nature heals and soothes our mind and soul in Her peaceful Sanctuary. A place where we can go and be alone with Domina and Her calming voice any time we wish, including times of stress or need. A reason there is so much love and trust in Her. i can only Hope that Domina will continue to provide more files like this.

More divine control from Domina, using the power of her voice She literally creates heaven on earth, but then when Domina is there, everywhere is heaven. Give in to the siren song of Domina's voice and let her put the world to rights. This session shows all the reason why giving your mind to Domina is a small price to pay for the return, pure bliss.

Ethereal beauty, power and a loving heart make Domina Shelle's ownership the greatest prize a submissive slave could ever have. It is a joy to be owned by Domina, this file is yet another step on the journey.
