Lady Helena is an excellent and captivating story teller. Very enthralling, I had a lot of fun becoming Domina's little hand maiden. I'm looking forward to see what Lady Helena has in store for the future.

The way how Lady Helena tells this Story was very interesting cause oh my did i got confused, i don't want to spoil this, but i need to talk about this, it was just so amazing she talked about our Princess about The Hand Maiden finding her and all of the sudden there came a twist and at this point i realized i got entranced without even knowing how it happened, i just listened to her talking about our Princess and all of the sudden i was gone, that was fun and so sudden, from there are on you pretty much get transformed into the Girl you would like to be, the hand maiden that serves our Princess and beside that Lady Helena will make it impossible for you to deny that you like this, she will make you so hot...You also don't want to deny this at all, you know that what she says is the true, you would love nothing more as to be the Hand Maiden for our Princess, this one Person that does absolutly anything for her and is closet o her, it don't matters if you are a Men or a Girl, at this Point all what matters would be that you would have the opportunity to serve our Princess for all eternity, always beeing close to her and beside this, trust me after listening to this File you will totally accept to be this Girl this Hand Maiden, you also will feel beeing her afterwards, even if you don't look like a Girl...i really liked this File, but i must say i was kinda surprised to get taken down by Lady Helena so softly, so far it always was as if she was forcing me down, but this time it was different, it was so soft and i falled for her without even realizing it, but it still was a bit Strange to fall for someone else as our Princess, but well Lady Helena learned from the best, so it's not a surprise that with each new File of her it get's easier and easier to fall, can't wait to see all the other ways she will do to make us to better Slaves for our Princess

Thank you Lady Helena for giving another taste of your power in service to Domina Shelle. i got sucked into the story deeper and deeper, becoming so turned on by your domination that the femme aspects seemed natural. Writing this review has me excited and thinking about listening to it again very soon.

i love this story and how Lady Helena tells it. It is as lovely as it is naughty and hot (especially in the end). And as it is a femme theme i do love it even more, it is an honor to be called the handmaiden of Domina Shelle and Lady Helena. Thank You Lady Helena!
