Holy f\*ck, this session is hot is right...OMG Domina made a very arousing tease session. She did not hold back either. Taking you to the edge but not letting You fall off at all. It was totally not fair. I was so f\*cking horny, getting more aroused and excited with Her every word and then oops sorry slave. Only to be locked up even more. Domina has this down to a science on how to make you so f\*cking horny and then completely lock You away. She's amazing and i love Her for all the training, all the arousal's, all the teasing that She does. She really is the best Domina a slave could wish for. She is my Absolute Authority and i will Love, Honor and Obey Her and no one else for the rest of my life.

Of the Weekly Chastity Audios, this last week is by far the most profound, sensually electrifying, powerful and astounding. It literally changed my life and how i perceive myself listening to Domina's deeply sensual and suggestible voice. i felt compelled to listen to Her instructions over and over and over again. I am convinced all future listeners will feel and act the same!

Sometimes when reading a product description, it feels slightly vague, and you're not quite sure what will happen, and then others, you think, "holy f\*ck, She totally nailed it!" This is definitely into hypno-erotic bliss, and who cares that She wants to be slightly wicked? i certainly don't, not when She makes it feel this good. This file had me soaking up Her every word, and just wanting to follow along obediently, all the way. Domina called it perfectly about the way the effects will take things, and the way they would affect me... She truly is an artisan of Her craft, and She deserves every word of praise, that i am certain will appear here in response to this! Thank You, Domina, for creating such a fantastic tease! ?

Already on week 4. i have loved this lockdown. Feels like io don't want it to end even if release would feel amazing right about now. And i'm sure my Domina knows that because She's being an expert of teasing me.

There was a time when i had choices, thankfully, Domina took away my choices and left only obedience, and the pleasure of unthinking obedience to Her.

This session is teaching me that i can be much more obedient and that by doing so, i can discover even more pleasure. If i still had a choice, i would choose to be Domina's forever chastity slave, instead, i willingly accept the offer to become what She wants me to be, to be an even better and more obedient slave, serving at the feet of Perfection.

Chastity control by Domina Shelle may be Her greatest gift ever, if it pleases Her, i accept this as a core part of my life as Her willing slave.

Domina truly is the Perfect Mistress, the Perfect Owner, the Perfect girl and i am so proud to say that i am Her slave.

This session is incredible, another lesson in the power of a true Hypnotic, Dominant Mistress. True hypnosis, true brainwashing, true submission and true enslavement, at the feet of such a Perfect, Sexy Domina.

Listen to this session, become Her slave, wear Her collar and be proud to be Her property, You will never regret the decision, the last real choice you will ever have.
