i loved this file. i love so many of Dominas files. But this one though, is on the top of my list now. Even over Alien Abduction which i thought never would have happened. LOL This file took me to a place where i could get closer to Domina. It felt SO GOOD. The feeling of love i felt in this file, how it radiated through me, was just amazing.  
Its a file that needs to be listened to often IMHO. Sort of like Master Triggers and Vows of a Slave. Personally i love to be taken, seduced. i long to be controlled, dominated. i long to be LOVED. Domina gives me all of this. This file just made me feel so damn good. i woke with a huge smile on my face and feeling the love for and from Domina. i know i will be listening to it again and again.

i mindlessly give myself into the hands of my beloved DOMINA. SHE is a honey trap YOU can't resist and even if you recognize what's going on you don't want to resist. So powerful and so sweet. i will listen again and again to let HER take complete control. No resistance - because submitting to HER is so much more fulfilling.

And another . The recording has several secti – relaxation – trapped. The changed feelings made me a little bit uneasy during listening and the trance was not so deep as usual – maybe that is what Domina wanted to create the trap – who knows? - She is the expert..

This is already one of my favourite files ever just from the first listen, I have no idea how I missed the original one from way back but this file blew my mind. It's pure relaxation and it put me deep and feeling wonderful from beginning to end. Throughout the entire experience I felt weightless and blank being guided on Domina's all at once romantic, emotional, exciting, and alluring journey. It's very special, it should make you fall in love, and not ever care to be free.

Domina Shelle is sweet yet devious. This is a fantastic file. A Domina after my own heart...and mind. Just remember it is called, Mind "Trap".

This is a nice and expertly done file. I don't remember too much details (listened 9 time in three days), but what I do know that Domina Shelle have a wicked and deviant surprise inside this file. Once you realize (if you manage to do that...), it's over. Domina will have caught you in her mind trap, and you won't be able to escape. This file will leave you relaxed, yet in the same time, aroused. Once it's over, you will be craving to be Domina's loyal minion.

Romantic, beguiling and wickedly cunning. Experience your will slowly fading to silence and learn the nature of the trap only after it has snapped shut. Wonderful writing, flawless performance and top production.

Wow, just when I think I cant possibly fall deeper for Domina Shelle, I do. I love the brainwash files, so I have to say I'm so completely brainwashed by Domina Shelle, there is no possibly way I could ever break free of Her, not that I'd want to. This file only brought me deeper and closer to the focus of my life, Domina Shelle. This amazing file, released right after Domina Shelle released Dopamine, has taken so much of my mind, and any resistance I might have had. I'm so completely under Her control now, and OMG, I'm so completely happy. Thank You Domina Shelle, for all Your hard work. You do so much for us.

Domina Shelle can now freely move in and out of my mind and I can't stop Her. I don't remember to listening the original file so I can't make comparison, but for me this was very soothing and relaxing file. All the stressful thoughts got washed away from my mind. So I can recommend to listen this especially when you want to take your mind of something.

journey slave review This was amazing, i can't tell what exactly she does to you, but what i know is you must listen to this, it's so relaxing and arousing at the same time, you get so caught up by her that you don't even care what exactly she does, you just know whatever it will be you will love it, because you want to obey and please her and also because you know you can trust her... Oh and just a little warning, if she has you in Chastity be prepared for the suffering of your Life
