Description

Mystic Queendom (38 minutes):

Take My hand and follow Me into the caves of your open and suggestible mind. I'll take you on another journey within your mind to My Queendom. This place where My words are the law. I rule My land and subjects as a benevolent Mystic Queen. I will take care of you, My subject.

The Queen ALWAYS gets Her way, even if that means putting your conscious mind to sleep and implanting My thoughts into your subconscious mind....It's like taking candy from a baby. I have you conditioned and open to My will. It almost seems that you have lost ALL resistance after all My training. Just the way I always planned it.

All you need to do is close your sleepy eyes and follow along.

Domina is such a clever storyteller. I love a good bedtime story, and this is one.

I have knelt before the Queen and had my mind overwhelmed. All must follow! That might be a little overzealous, but one of the effects of this file is absolutely to create willing and content followers for Queen Shelle. I serve at Her command and i love it.

What i love the most about Domina's stories are the little flashbacks - the vivid memories that come back to me from the story her beautiful voice has projected into my subconscious mind. Sometimes it is like a scene from a past vacation. Sometimes it takes a while for me to realize that it is from a story. I love what Queen Domina is doing to my mind!

I absolutely LOVE Domina's stories!!!
I listened to this before going to bed and was immediately dropped down into such a powerful and deep trance for my Queen Domina Shelle... Dominas storytelling is absolutely Amazing! I really felt like a part of the story and saw everything with such clarity... Sexy and captivating... I could lose myself in Dominas stories for hours... It's such a great pleasure and honor to become another one of our Queens loyal pets!

i don't remember much about this file. i remember walking to a tavern. Leaving with someone who had a room for me..then there was the count up to wake up and i woke up. LOL I loved how deep i was taken. i just can't remember anything about the file. i do love how it started out and listening to Domina tell the story. Her voice is amazing. i certainly need to find time to listen again.

Domina is such a great story teller, this time she skips right into it and her voice and a short countdown is all it takes. There is a point later involving herbal tea that must have a suggestion in there because I can't keep from going black out for a few minutes coming to at different points in the story. In the end ... when you are weak, suggestible, completely enthralled by the Queen Domina she will lay her truth on you. I will always want to be her pet and follow the ways of her queendom.

Domina Shelle starts this session by telling a very lovely fairytale story. Having the attention of me listening, She most easily took me down deep into trance. In a mesmerized state my mind was trapped within the story and soaking in all of it like a sponge. Accepting my state as a new pet of Queen Shelle, my Owner. Still a lil dazed i long back to this fairy place and to meet the glorious beautiful and almighty Queen Shelle again.

i desperately want to leave a review, but i have only a vague recollection of this file. Having listened twice, it felt like my favourite bedtime story being read by Domina, a tale of magic and mystery and then nothing. Try as i might, i have no idea what Domina has done to my mind this time.
The trance was very deep, the pleasurable feelings intense and i feel even more at the mercy of my Perfect Domina.
If for no other reason than to hear Her siren voice, i will listen again and again.

This file is simply amazing and so deep. I was taken with what felt fast and so blissful into the world of Domina's story where she is Queen and where I became her loyal pet. Domina truly is a Queen and the Pleasures of being a part of her Mystical Queendom is something I am thankful for. I want to go deeper and please her with my thoughts and actions everyday knowing she controls me and my desires.
