A SEXUAL MASTERPIECE

Listen to the [TEASER](#) ...

Kneel, Naked, and taste the drug that will overtake your HYPNOTIZED mind.

Under My guidance your brain will automatically produce a mixture of the chemicals oxytocin, serotonin and dopamine together with some other minor chemicals that will produce an addictive drug.

Through My intense conditioning in past sessions you have become fully attuned to the power of My voice and its ability to enslave your subconscious desires. I can manipulate your conscience existence through thought manipulation. you have freely given Me the ability to control both your desires and with this I can further exert My blissful influence over your open mind....as My pussy becomes your addiction.

Oh yes, My puppy, imagine being forced by Your Goddess into slavery as you caress (tasting My sweetest poison against your tongue) My naked body and taste My essence (mmm - so good). In your weakened and mindless state your coerced compliance and conditioned submission only deepens as your addiction to Me OBSESSIVELY strengthens.

So, My slave, prepare yourself to drift away into an extremely deep mindless sleep where you will be kneeling at the feet of your Domina, sexually subjugated, all that defines you! Addiction, OBSESSION, subjugation...pussy OBSESSED. Breathe Me in!

Be aware, the addiction is REAL. I have used effects in this session that will overwhelm you. you have been advised. Proceed with SEXY HYPNOTIC precaution.

i am very happy to c would have been taken away. If you have any attraction or desire to be Her slave, then this file is an absolute 'must buy'. Let Her put you in your place, gazing up at Her, absorbing the heavenly aroma and taste of Her; just know that you will never be the same again, and that is a good thing. Enslavement to Her is heavenly to begin with, and this file takes things to a whole other level. Sniffing, touching, licking and tasting the essence of Her... Becoming so obsessed, that i know there can never be another; nobody could ever replace Her. This file should definitely be classed as a slave maker! ?

The way Domina can now control my thoughts and the way my imagination/inner mind's eye is seeing Her is nothing short of brilliance. I can see Her most Precious Womanly parts in full technicolor and taste Her sweet nectar as if i'm there. I'm going deeper every time now and the feelings are getting more and more powerful, they are just pure delicious bliss. These are the BEST feelings I have ever had. Thank You my Domina, You are truly special!

Hopefully my Review doesn't get's messed up this time :-)

At this time it doesn't matters anymore, but if this would have been the first File for me to listen, i would have been owned instantly impossible to resist, i don't know what else to say, i am just speechless about how easy it is for her to own me, i am just...yeah i was hers, i am hers and i always will stay to be hers, hoping one day to be able to serve her in this way, oh how lost i would get doing so :O

I discovered Domina Shelle a few days ago and have become completely addicted and submissive to her. I couldn't believe I could be more any more obsessed but after listening to this file I am even more aroused, euphoric, and in love with my dearest Domina Shelle. Her pussy juices have made me even more of her obedient slave.

Domina Shelle is my addiction. She has been my addiction for a long time. A single word from Her can send to the heights of joy, and the thought of disappointing Her can have me worried for days. The addiction conditioned by this session starts with wanting to be in Her presence. I could happily kneel at Her feet forever. And then She adds taste, smell and touch to that addiction. I had no chance at all, but i'm very happy at Her feet.

P*ssy Obsession not only tapped into my inmost sexual preference but is also a masterful Session of Brainwashing, which just happens to be my inmost fetish preference.

Using our imagination and complicity, Domina Shelle Brainwashes us into subjugation by associating it with pure ecstasy. She leaves us addicted to Her Brainwashing, wanting our minds to be enslave for life.

The dance of molecules, the roundel of neurotransmitters and receptors. All initiated by the smells and tastes of Her powerful body. Now i am dizzy from the dance but still want more: i worship Her pssy! i worship her mighty pssy!

This is a masterpiece of sexual subjugation: a combination of domination through sexual servitude and sensual submission. This session is everything Domina describes and so much more. For c and you will be c. That's how good this session is and why you must absolutely buy it!
