I'm not sure why Domina always wants lobster. But she should have it all. All the lobsters for our beauty Princess. The most adorable of all. The one and only.

I love seafood myself. And the next time i have lobster i can imagine that Domina enjoys Hers at the same time. Each gift and obligation makes my bond to Her stronger!

I love giving tributes to my Domina. She absolutely deserves them for all the work She does.

Sometimes I get this urge to do something to spoil Domina Shelle. Maybe it's to buy something from Her wishlist or in this case dinner.

i love to spoil my Domina if i can effort it. i just love the possibility to "take" Her out to dinner. i imagine myself under the table worshipping Her sexy feet while She has Her dinner. The first time i did this was on my birthday and i've invited Her many times since that day. i'm sure that there will follow many other invitations in O/our future years.

I don't know why, but this is one of my favorite tributes to Domina. Second only to a car pay-off tribute. She always seems to like this, and pleasing Domina is what life is all about. It's the sun shine of my day. =)
