By now you've started to understand that your inexorable fall into true submission is a never-ending journey to a loving Domina like Me. (giggles) Much like life itself, in order for O/our special relationship to prosper and endure occasionally adjustments are needed to counter outside forces that may stress and strain what W/we hold dear.

Since change is unavoidable, and ultimately inevitable, it is wholly appropriate that as Your Owner and protector that I prepare you for this eventuality, arming you with a single mindedness to be utterly dedicated and devoted to Me. This new series of sessions - **Brainwashed & Reprogrammed** - will rewire your brain at a fundamental level so that I'm always the focal point of your existence, the one you serve and adore, the one that motivates you everyday to be the best version of yourself for Me, the one you love, honor, and obey instilling you with REAL passion and purpose to embrace a life of blissful submission (to Me).

This first session in the series focuses on incrementally strengthening your craving for

compliance and OBEDIENCE, promoting you to mindlessly obey My wishes knowing that making Me happy, makes you happy! I'm not here to corrupt you, My pet, - well maybe a little (giggles) - I'm here to transform and nurture you, to liberate the submissive within to accept that obedience to Me is your pleasure. Believing in Me is your passport to a world of real submission and subservience, a mesmerizing realm where erotic fantasies become reality, and where you are rewarded with the privilege to serve, submit, and OBEY one you admire above all others, your beloved Domina Shelle.

Being **enslaved to My will** is something you will savor, a wonderful addiction that will take you ever deeper into My world of domination and control, knowing that surrendering to Me is your heart's desire. The best part of today was several loops through Programmed I. You instruct in Compulsive Conditioning (one of my favorites) that loops are not intended to hypnotize, only to brainwash and condition. Regardless, Programmed I is a strong example that You require no specific induction, only Your voice, to deeply capture and dominate my mind. Thank You Domina.

The deeper i go into Domina's world, the more i love Her. And the more i love Her the deeper i want to go into Domina's world. I love this session and I long for it's successor.

This file is stunningly one of Domina's most powerful and effective. It made me feel at peace with trusting Domina completely and feeling safe that She is committed to a long term D/s successful, sensual relationship. She knows best!

What can Domina Shelle do in 17 minutes? More than I could ever have imagined. This session looped with her gift. Instant submission to her will. And I beg for more.

Domina's short looping sessions have been so powerful, between the repetition and Domina's ability to put me into the correct state of mind so quickly has made it a joy to submit to her words and her voice. This session is no different, it may not seem like one of her masterpiece stories but it is in that she is letting you know she has changed you and will continue to adjust you as part of Domina's World. This session lays the foundation, I can't wait to be part of what follows. Her principles of Love, Honor and Obey are including acceptance with exciting anticipation of what Domina Shelle plans to instill into her submissive's hungry addicted mind.

Listening to Domina's sweet voice is already immensely pleasurable, so why not get this brainwashing loop so you can listen over and over and over again. Knowing that this pleases your Domina can only make it feel better.

Domina Shelle is serious when she calls this brainwashing. within the space of 17 minutes she will assure Her dominance over you. With repeated listens your own obedience will no longer be a choice. You must obey.

i'm SO incredibly happy and excited about this session AND entire series! Domina Shelles programing is VERY real and my desire to to be programmed into her perfect slave is ABSOLUTE! This session is something that i was REALLY hoping Domina Shelle would do so that my helpless mind doesn't have to think so much and can just focus more on exactly what most recent programing Domina wants and expects from her loyal love slave! Dominas desires change from time to time and i feel this serie and session is the perfect pathway to become more adaptive to Dominas needs and more of exactly what we both want which is always what she wants! Mmmmm... i just LOVE Domina Shelle SO very much and am SO excited for these upgrades to be permanently installed DEEPLY and irresistibly! Oh and im SO excited for the rest of the series too!!! Definitely do not miss this one if You are owned by Domina! ??
