I didn't see that coming. But-- Isn't that how traps are supposed to work? Anyway-- when it comes to Domina Shelle-- I can't stop myself.
I can't RESIST listening to her words and let my mind fade. Even if the title of this EXTREMELY POWERFUL Session implies, that this is a trap-- I want to FALL right into it. It's exactly like Domina says: As if a melody lures me right into the arms of her Psychological Trap. Right-- onto that COMFY, white leather couch in my Wicked Therapist's Office.
I have always been curious about what it looks like when Domina hypnotizes me. What the helplessness in my eyes looks like as my mind becomes EMPTY and BLANK for her-- how I respond to her commands and POWERFUL femdom brainwashing suggestions as her hypnotized subject. I know-- nothing feels as GOOD and AROUSING as being hypnotized by my Domina Shelle. To be helplessly bound and addicted to how she teases and torments my brain. I love this Session-- and the FREE Loop that comes with it. I can't help but to watch helplessly and become HYPNOTIZED myself as Domina-- has already lured my subconscious into her hypnotic world of enslavement-- unable to ever get enough of this as my helplessly dazed mind absorbs her subliminal whispers so DEEP that they will NEVER be removed.
Now I know-- what it looks like to be hypnotized and brainwashed by Domina-- which only makes me crave it even more.

i do so love visiting my therapist since She seems to help me with all of my fetishes, some i did not know i even had. In this session i am not quite sure why i needed to visit Her but She showed me just how sexy it is to be hypnotised. Watching Her skilfully hypnotise another only to find that this is my subconscious self is very arousing and equally humbling knowing that i am so susceptible to Her seductive words. Domina Shelle is without doubt one of the most captivating therapists i have ever encountered and with hypnosis She is able to unlock my submissive self freeing me to be the devoted slave i was destined to be. There is no question in my mind this is true and if you diligently listen to the long loop file provided with this session, you too will come to this quite obvious conclusion. Domina Shelle is simply irresistible and listening to Her sessions every day has become more than a need it is a necessity. That is why i adore Her so much...

Domina's brainwashing is very effective.
I am brainwashed.
Domina owns me.
Resistance is futile.
I am enslaved.
Domina makes me happy.
Obedience is pleasure.
I need Domina.
I serve with strict obedience to Domina's absolute authority.
Domina's brainwashing is very effective.

A brilliant trap and i only crave to be trapped and controlled by Domina like this forever. Plays in so well to my wicked therapist fetish. She has brainwashed me to crave being brainwashed and to crave and need her control every day.

This is a very very SNEAKY one! Therapist Shelle knows what she did to me and what fetishes i adopted during Her sessions! I feel my body react to her sex legs in nylons but my guards are down because it is not me this time who is lying on the leather couch. It is voyeuristic pleasure so see someone else being hypnotizes. - but that is the trap. I remember "Calibration" and find myself deep in trance and brainwashed!

More like this please. Listening to the other therapy files before is not mandatory but highly recommended!

This . While it is technically a part of the Wicked Therapist files it isn't strictly necessary to be familiar with those before listening to this. Those that are familiar will find features and triggers to which they will respond, but it is a satisfying session even if you miss those.

This soft programming file is Paradise to me, the Brainwashing Hypnosis fetish fan such as I am.

This also comes with a shorter brainwashing loop which just melts into my mind like chocolate left in the sun mmmmmmmmm.

You starts off by watching Our Domina Hypnotising a subject of Hers until you realise it's actually you She is Hypnotising and taking down!

Like an out of body experience, watching yourself being TAKEN by a most Beautiful Sexy Hypnotherapist albeit unethical.....

I am sure She is weaving Her tap around me, seducing me to become Hers for real!

Oh I so would love my Domina to make a Psychological Entrapment series mmmmmmm

This is PURE Bliss!

This Brainwashing is very subtle but VERY effective and absolute Ecstasy!

Oh bring it on my Beautiful Domina xxxx

Domina's traps are just delightful, i want to be trapped like this forever... Her brainwashing takes over all that i am, and She is so right, i want to be brainwashed, i need to be brainwashed and controlled by Domina... After all these years i'm just a helpless addict to Domina and i Love it...

Since the file Comatose, i did fall for the my Therapist Domina Shelle.. She is helping me with hypnosis and brainwashing to become a better person... a better servant for Her ... now Her newest release has hidden subliminal messages that probably improve my life as a slave of Her ... besides that it increases the need to be brainwashed by Her with an intense brainwashing addiction that She is planting inside of my weakened lil mind

i Love Domina's brainwash files, especially those with subliminals and this file is definitely going to be one of my favorites! Domina's voice is so soft and sweet while at the same time so dominating. And the loop that is also provided, well i have already listened to it all morning and will definitely be playing it overnight for weeks to come. It's one of those files that are pleasing and easy to listen to over and over again. Do heed Domina's warnings though, files like this WILL change you, but that's what makes them so exciting! For anyone craving to be enslaved by Domina Shelle, for Her to live in your mind and take more and more control, then this file is for you!
