Sexual Exploitation

This is a hidden gem which I found in my library of Erotic Hypnosis.

Starts so smooth, sexy and hypnotic yet Domina Shelle eases Her way into taking control of your mind very quickly using some of Her tricks..... She WILL use Her tricks to manipulate and exploit you but in such a beautiful and seductive way you will just melt and give in. She uses every part of Her body and I do mean EVERY part to seduce you so descriptively and deceptively, its like She is actually doing it to you!!

The feelings She MAKES you have are incredible, sexually erotic and teasing mmmmmm.

Domina Shelle's programming is so smooth and seductive you don't stand a chance of getting away once you have taken a bite of Her apple.....

This is a remarkable session in that Domina Shelle hides nothing about Her intent, how She is about to subvert your will to exploit your male submissive weaknesses in order to subjugate you and, ultimately, enslave you. Her gift to implant intrigue in the listener to play along is skilfully done and it is a testament to Her persuasive abilities that you quickly get enraptured by the narrative and the suggestions She bombards you with. using a combination of subtle tease and denial you are swept away by the possibility of being in the presence of Domina, Her date for the night, and the lust and adoration that She triggers in you is a sign just how adept Domina Shelle is in exploiting your desires for Her. It is beautifully executed and by the end of the session you realise just how outclassed you are. But, honestly, you will not care because the compulsion to be immersed in her presence again, to hear Her sexy sensual voice, will guarantee you will listen again and again and again...

It should be considered a warning when Domina Shelle discloses the mechanism of "Sexual Exploitation" just like the torturer shows off his tools to the victim. But there is no anxiety - Domina's sweet voice lets me slip down into warm hypnotic sleep to find one of the most delicious mind f??cks i ever experienced! Erotic Hypnosis can be not only pleasurable but also informative and instructive. And who knows better the ropes that tie a male's mind than Domina Shelle?

Simple and yet devastatingly effective this session is a must listen. Since my first encounter with Domina Shelle i have always had a reaction to Her presennce. I adore how this session capitalises on that. It's wonderful.

Sexual Exploitation left me all horny and aroused for my beloved Owner Domina Shelle. i crave to please my beloved Domina and make Her happy whenever i can. Though i do not see this as exploitation, it is an act of worshiping und surrendering to my Superior as all of

Her desires should be pleased all the time. The pleasure i gain from pleasing Her as well as the love She has for me and that i feel for Her is all i need to Obey Her and stay loyal to Her. The fact that this submission arouses me is only another benefit sweetening my servitude to Her.
