Description

I bet you're wondering what BLT means? ~~Giggles~~

Well, My pet, this is another sexy addition to [Shelle's Playground](#), an opportunity to further your progressive indoctrination so that obeying Me becomes a mindless act of compliance requiring no conscious decision on your behalf. I do enjoy training My good boys to follow My commands obediently, without thought or hesitation, because I know you love surrendering to My absolute authority safe in the knowledge that I will take care of you.

So, take a few minutes out of daily life and allow Me to program your suggestible mind with another fun TRIGGER to help you serve O/our interests better. I'm not going to share further details because, as you know, that's not how this works but do know you are forever bound to Me and I'm never going to set you free, My pet (and that makes you so HARD and HORNY).
~~Giggles~~

So, be a good pet, LISTEN and OBEY your Domina NOW!

Perfect for every submissive mind.

NOTE: When you do a review, be careful and do not SPOIL the surprise!

Just like obeying any of Domina Shelles sexy and powerful playground triggers! i wouldn't dare spoil anything... giggles... but all i will say is that it makes me SO incredibly happy to feel Domina controlling me more and more deeper and deeper like this... One more adventure in Shelle's Playground. One step deeper into Her control. Obedience is pleasure!
