I absolutely LOVED this Sissy class session with Domina Shelle and Princess Andrea! I listened while wearing my favorite pink panties and black pantyhose with my favorite steel buttplug firmly inside my aroused sissy hole...

This session is very inspiring and makes me DEEPLY desire the pleasure of deepening my transformation into Domina Shelles Slutty Bimbo and Prissy Sissy and earning my Sissygasms! Mmm...

I also really loved Princess Andreas' story and cute voice! I agree with her completely and resonate with her beliefs that women are the superior species and that all men should be slaves to women... giggles... By becoming sissies we are able to get closer to experiencing the superior female gender and further deepen our enslavement to our owner Domina Shelle... *heart*
