Description

Shhh (41 minutes):

Shhhh, hush and take My hand as I lead you to My silent chamber. Just walk over to the white leather sofa that I have prepared for you. Put on the headphones that are waiting and lie back. W/we will be here for a while and when you leave, you will understand the power of silence. My words will subliminize and CONDITION your mind. Now imagine your body responding to My sweet voice, sending shivers of orgasmic bliss through My slave's hypnotized mind. The bliss as soft as My warm lips touching your ears...sending vibrations into your mind now.

Deep EROTIC HYPNOSIS, Skillful Mind Manipulation and CONDITIONING, Post Hypnotic Triggers and EXPECT POWERFUL SUBLIMINAL messages.

Shhh, don't ask questions, just OBEY and LISTEN... Oh, I bet you love being Shhh'd by a POWERFUL SEXY Dominant Woman.

Where do I begin? First, my Mistress ordered me to write a review, and I obeyed her. Sec. But she also said to me that I could light a candle and maybe undress. I followed her instructi, make sure you are alone, because she will make you scream.

It can be so blissful to become still and quiet oneself in peaceful relaxation as Domina's soft voice whispers into my mind.

Imagine being hypnotised by what Domina Shelle doesn't say. This session isn't exactly like that, but the feeling is similar. Being in the moment and going with the flow (not that i could resist) are important concepts during this session.

Domina continues to amaze me with how she takes me down. It seems the more I listen to her the faster I fall. This file was no exception. This mp3 is only 41 minutes but I was under for almost 1.5 hours before I woke up. I woke very relaxed and wet. I can't remember much about it, but something happened. I can't wait to listen again.

Such a beautiful and relaxing trance... Mmmm... I've been looping this file for the last few nights while sleeping and feel SOOO good.... I love being shhh'ed by Domina. I've been happier the more and more Domina has come into my life and this file definitely will bring you closer to Domina! *heart*

i just listened Shhh and i really enjoyed being shhh'd by my Domina. First half of that file took me very deep, almost fell asleep couple of times during the silence parts. Second half i could enjoy the thrilling sensation of Domina whispering into my ear.

Domina's sessions are becoming more wonderful as she strengthens her hold over me. Each new session seems to speak directly to me, explaining what i think, what I feel, what I need. Domina either understands a submissive slave's mind completely or she has created a submissive slave's mind to programme further, either way, this session is hot, sensual and very powerful. As always I have big gaps in what I can remember, testimony to the skill and power of my hypnotist, Domina Shelle. Now to enjoy some silence!

I am thankful that I have this session to listen to. Domina knows what is best for me, and she proves it again with this mp3.
