i feel SO very good about myself after listening to this WONDERFUL session with Princess Shelle! ?
Princess Shelle is making me into the best version of the sissy that i do desperately want to be for her... There are so many forms and expressions and ways to be that truest self in our varying circumstances and Domina has done such a wonderful job with this session to encourage and help me bring those sissy qualities out in the best and most healthy way for my life and circumstances... Making me feel just AMAZING, like a weight lifted off my shoulders! Domina Shelle and her community of Sissy slaves really is the BEST and i'm always SO very happy to be a part of that community of such good (and naughty) girls! giggles! i can be myself and feel so very accepted ?

Oh wow. To merely say that this file is amazing and life-changing would be selling it short. i'd go so far to say this file should be mandatory listening for any sissy but especially new ones or any sissy-curious out there. You have never felt so loved, you have never felt so understood, you have never felt so cared for until you experience this session. This world can be a difficult place for those who color outside the lines. This file provides refuge from the storm.
