Never has anything felt more special, never have i been more at peace in my life, never have i felt closer to my Domina than signing my contract to serve Her.

A simple note from Domina "I am accepting you" and i have finally started a journey that is beyond my ability to describe.

i have been helpless before Domina's perfection for so long, why i never took this step before is a mystery. i am glad i asked for this, i am in bliss that Domina has granted me this.

Taking this step lets me be where i belong, at the feet of my beloved Domina, always!

If you do this, you may wonder why you didn't do it sooner. If you do this, you may find that this was a very good decision. If you do this, you will begin an incredible journey. When you do this, you will enjoy the special rewards that Domina grants to her contracted slaves.

i have belonged to Domina Shelle for years upon years, each day better than the last. She is perfection in every sense, and when i feel She has given me the ultimate pleasure, She gives more and makes me feel even better. She is the absolute perfect Owner, and i am beyond honored to belong to Her. She is my entire life and my reason for being. i am in love with Domina Shelle, and hope o serve Her for all of eternity.

It was a bit more than two years ago that i did sign the Mistress-slave-c. my fate became sealed 6 months later as Domina did agree to change O/our contract into a lifetime one. For the rest of my life i am and will be Hers, Her slave, Her servant. Being bound to Her always and forever gives me certainty and comfort as i cannot be without Her, i need Her and Her control as i need the air to breath. i never regret my decision, with my obedience, my mantra, my obligation i celebrate it every day. i live my own dream, i fulfill my destiny by serving my beloved Princess for the rest of my life.

I'm Princess Shelle's slave for a little more than 4 months now and I have loved every minute of it. With signing the contract, I got the opportunity to have a closer communication with her and serve her better.

I am so excited! Today i signed my slave contract. Domina took it very serious to work out a detailed personalized contract for me. I feel so honored now. Full of motivation to please her, fulfill my duties and serve her in any way she desires! It is an amazing feeling. It feels so good to be owned, and the contract is an excellent way to underline this good feeling.

Domina Shelle is very passionate about what she does. I'm happy to say that she means a lot to me. I will be honest when I say my relationship with Domina has been rocky at best, yet the world She's created for U/us has been so exciting. It's a lot to take in sometimes. But, no matter what happens, my Domina keeps pulling me closer and closer into the center of Her world. I truly do love her, and I appreciate how strong-willed and hard-working She is. My Domina is my Princess, my Mentor, and most importantly my Owner. I am just one of Her contracted slaves, and I hope to stay that way.

Domina Shelle clarified patiently all the concerns relating to Her contract. Nothing compares with the feeling of signing Domina Shelle's contract, knowing everything is surrendered to Domina Shelle. The sense of being owned is an overwhelming experience knowing Domina Shelle will be obeyed forever. Now owned by Domina Shelle this contract sealed a precious bond with Domina Shelle.

I've been a contracted slave and it's been such a wild ride. The things she makes me do, the additional intimacy all add to this entirely blissful experience. She so sweetly seduced me, drew me in and snapped her collar around me. And I love every bit of this.

I've been Domina's contracted slave for almost two months now, and it's been pure bliss. Do you love the sound of her voice, obeying her commands? Just imagine how much more deeper you'll fall, how much pleasure you'll feel, if you take things to the next level of serving her. More personal attention, more instructions, more chances to worship and obey her... What's not to love? Don't be scared - she'll still be the same gentle, kind, kinky, wicked Domina you've come to know and love - just more so! :)

i am a week into my slave contract with Princess. i can only describe the experience as amazing. If you have found that Mistress's recordings speak to you on a deeper level, then being in servitude and having access to Her slave portal and to receive personal communication from Her is simply bliss. i feel such excitement even when reading Her written work as it has such an entrancing effect, and i honestly, genuinely mean that in a literal sense. i am so grateful to Princess for allowing me this opportunity.

I have now been here for more than half a year, and have had an awesome time with this amazing artist that Domina Shelle is. This style of creative exploration is so unique to her and its a great gift, beside her skill as a hypnotist. Neither am I interested in financial domination nor did I find her through any specific fetish. My fetish is hypnosis pure, power play and the workings of my mind and my body through sexual energy. But I found so much more. Thank you!

I didn't sign this lightly. For me this was serious. When I purchased this, I spend several days thinking should I do this or not? Can I do this? Am I ready? Is this for me? Do I really want this... and so on. In the end it probably came down to that if I don't do this now, I probably never will and then I would always be thinking: 'what if...' I wanted to be sure that if I sign it that I can commit fully to this, because I don't want to disappoint Domina or myself. Finally I did sign it and have now been under the contract little over two months. I'm so glad that I did it. There hasn't been single moment where I regretted signing this. I now feel much closer to Domina. Same time as Domina's control over my life has increased, my love for Her has deepened remarkably.
