Simply incredible!

Only Domina Shelle could animate my body and even have me stand and do all sorts of sexy and wonderful things to serve her absolute beauty while i was COMPLETELY asleep! i lost ALL control of my body and was only able to do as i was told and experience everything as it unfolded... Absolutely wonderful, sexy, and POWERFUL!!!

This file is straight out of my fantasies. Being controlled and commanded by Domina is always amazing - but this interactive experience is truly unique. Thank you Domina, for making me into your puppet, and for giving me such a wonderful reward for my service to you.

I cannot but smile at this file. Domina Shelle knows how to hypnotize her puppets! So nice, so gentle and...caught again and with surprising effects. How will you end up as a puppet, through which training? Listen and follow the path...

So hot. First I'm taken to deep sleep and then the fun begins. This file is straight from my fantasy. I'm just a toy to be used. A puppet in strings. Domina can use me and cum all She want's. I get to stay horny for my Domina. Just as it should be.

journey slave review Hummm all in all this File is amazing, you will experience heaven, you will melt, you will lose control of your Body and Princess will take over, she will make you do whatever she wants and trust me you will love what She does with you, honestly i am pretty sure for this you don't even need to be Hypnotise, well that goes atleast for me, i would kill to do this for Real Anyway since a while there are a few Cons to a File and i have to be honest, keep in Mind that's only my Opinion... i learned to listen to Erotic Hypnosis always naked, i guess it's oblivious why...So if you implement something like taking off clothes for you, you may should state that we should start the listening with clothes on - same goes for the Movement, it would be nice to know this before the listening, so that we can be prepared Well this Cons don't really go for the File itself it's more a lack of Information, but whatever

Puppets.

Creations that are manipulated by the strings of a puppeteer. I admit I sometimes wondered what it would be like to be as brainless as a wooden puppet. Ones like I've seen in fantasy. Controlled completely by the strings of a puppeteer. Hmm... well, after this file I can truly say I have a new found respect for just how powerful and deliciously evil Domina Queen Shelle is. This file is such a seductive and sexual audio tease. The arousal will cum. The control will be real. The way Domina used my body and arousal to control me was so mind blowing. It left me powerless to her control of my body. She is so strong, I am so weak for her.

When i finally saw Domina in front of me with her crown, I almost wept. Even in front of her wicked smile... I felt stripped and vulnerable. For the rest of this session I felt completely owned and powerless to my Queen Domina Shelle. The submission you will feel is real. There was literally nothing I could do but watch my body be pulled along by her strings. Domina pointed and I jumped. She waved her hands and I would stroke. She would whisper and before I know it I am kneeling in my bedroom, kissing her feet and surrendering to her will.

Domina's seductive style is what makes this file so addictive. You will fall in love with Domina even more after this session. Just like I have. I give myself to Domina in everyway. My reality is I am a puppet for her. It feels good to just obey. To move where she tells me. To do as I am told. I serve only Domina. She is my Domina, my queen, and i am her puppet. There is no place I would rather be than under her feet and serving her. Being in trance for her is so easy. So good. Serve her, as I do. Become the brainless, mindless puppet you know you have longed to be. Join us, and enjoy Domina Shelle's wicked control. She can be evil... but in her case evil is soooo gooooooohhhh. I am helpless to her desires and i love it...i love it!!!

i love to be mindlessly controlled by my Domina, this time in a more interactive way again. Right now after listening i'm still relaxed, very horny and also happy of that visions in my mind of me pleasing my Domina. Thank You so much my beloved Domina for this, i dream off pleasing You this way someday in the future.

Yes, the smile on my face. Domina Shelle creates a most euphoric trip. Surprising and, with any luck, auguring things to come. The vision will linger and linger and linger. Oh, my.

Hypnotised and relaxed to the point of paralysis, then Domina begins to actively control you. You are already Domina Shelle's puppet, but sometimes it is nice to feel those strings being pulled. Slave Puppet is begins with a very relaxing induction, and ends with moaning and begging. The subject will be experiencing both, but Domina knows exactly how to extract Her pleasure.
