Description

you are expected to send a \$10 Stroke Tribute to seek My permission whenever you are stroking My c*ck to release and orgasm for Me, each time YOU choose to do so. This is your expression of commitment of submission and obedience to My Orgasm Control. For purposes of convenience, payment of the Stroke Tribute, will also allow you to orgasm BEFORE you receive permission. In other words, Stroke Tributes may be paid before or after getting My expressed permission.

Domina granted me 5 times edging and I used it wisely: Pleasing me Body Worship-Feet Helenas Invasion... every time a valuable experience. No mindless stroking anymore - each end every stroke 10 times more precious after that tribute. Thank you Domina - you know what is best for me!
