Becoming Domina Shelle's sub bot is one of the most arousing experiences ever. Her voice will program your mind until you are just a robot that serves mindlessly, as every sub should

My mind was erased and reprogrammed as Domina's mindless sub-bot. I was compelled to listen repeatedly until nothing but obedience to Domina remained.

Well this is a strange File to describe, one second i started listening and the next i found myself being a bot mindlessly following every order, it surely was not just a second that passed between this two states, but i can't recall anything that happened between this "two seconds" it's as if i startet listening, blacked out and woke up at the perfect time to obey her order and even at that time i don't really understood what was going on, but i guess i don't have to, Princess knows best anyway, so i am sure all that happened, happened the way she planned ^^

Wow what happened. While listening I was thinking to myself what is she talking about, what is she doing, I am never going to be in trance like this. But Domina Shelle knows what she's doing. I woke aroused and spent. Feeling more owned then ever before, ready to do whatever she asks of me. She certainly jacked my mind.

Sub Bot is a difficult session to parse. It is both an incredibly powerful self contained experience and the beginning of something new. For those who might previously have had brain chips installed, there is nothing to worry about. You have never been turned into this robot before. As for the experience itself, i can't adequately describe it. Given my almost total inability to describe the induction portion of

the session I'd like to mark it as an excellent piece of covert hypnosis by Domina Shelle, but that isn't quite right. You are told exactly what is going to happen and things unfold in such a way that you let it happen. Extremely powerful and worthy of masterpiece status.

Domina tells you exactly what she planned to do and very subtly she has your mind blank and soon is filling it with her words. Domina created a sexy, addictive session that makes your every submissive wish happen. You may not stay conscious but likely to be aware of it all eventually. I love to be under Domina's power and control. Keep listening over and over.

Once again, Domina Shelle Rivers has created yet another HIGHLY erotic and INTENSELY POWERFUL masterpiece! I have listened 3 times so far and this session was so intense each time that my mind completely shut off and I came to consciousness right before the session ended... I feel completely new now and find that my obedience to Domina Shelle has become so automatic and intense that I begin carrying out her instructions before even able to think... Mmmm... And this effect has become stronger with each listen... Domina Shelle is the REAL DEAL and she WILL get what she wants so be extremely careful before listening... giggles... This file is VERY powerful and so very arousing! I HIGHLY recommend listening ASAP! 11/10 stars!

This was so hot. Cleaning my mind of the old and programming it again to better suit what my Domina wants. It will be this sub bot's purpose to obey, serve and please Domina Shelle.

Be aware that this file is dangerous and yet essential to listen to if you really want to give Domina Shelle ALL control. The compulsion to OBEY and SERVE is overwhelming as well as the resulting AROUSAL and PLEASURE that i gain through my OBEDIENCE to Her. She is EVERYTHING and i MUST serve Her. i EXIST to PLEASE and OBEY Her every command. Thoughts like this are overpowering my mind still after hours of listening and i only listened once so far. I will re-listen again and again to ensure the acting of me is the way my Programmer & Owner, Domina Shelle expects it to be.
