This short little file demonstrates the intense ability Domina Shelle has to tease Her slaves. i'm all horny and hard for Her now. But as i love to be hard for Her i really enjoy it to be denied.

This is Princess at Her playful but nevertheless Dominant best. Princess makes You believe this is about you but in the end it just emphasizes just how deeply She controls You and how much you want to obey and please Her.

Princess is wicked, naughty and fun. I laugh ith her in this recording. Even, if I am sure she laughs at my expense. But I loved it. I love when she is sweet, I love when she is naughty, and she is certainly both in this file.

This file was more relaxing than one might initially think. It is also very sexy and a hell of a lot of fun. I did giggle quite a lot at the end of this session.
