Imagine for a moment, going hunting, imagine what it would be like...sitting there very quietly, just waiting for your prey. Not a sound at all, only the forest and you. you can hear your heart beating and you feel the soft breeze touching your skin. Isn't that nice?

Now, close your eyes and imagine that it is you, yes, you are the prey. Someone is watching you, lurking somewhere in the night. She is so close that you can feel the warmth of her breath on your neck, but you see nothing, ONLY pure blackness. your blood pumping, racing into your fast beating heart. your legs run faster and faster....but can you escape Me?...*The Huntress*.... Wicked laughter!

This was a deep trance. i almost fell in actual sleep couple of times. i don't remember details, but i woke up feeling good and more reassured that i do belong to my Domina forever. There would be no resistance. i will serve my Domina forever.

Domina seemed to have blocked the memories from this session as i barely remember what happened.. i remember being chased by the Huntress, my Mistress Shelle... i think She caught me as i am sure to be Her slave forever and always... which makes me happy and smiling ... just like when i awoke from this deep amnesic trance.

Can you hope to escape Domina, do you even want to? With this rare file, Domina Shelle plays with Her slave; toying with him, but always watchful. I recommend that you listen to this file and find out if you can escape or ever will be free of your/our Domina.

WOW! I felt compelled to write a review for this experience in, gratitude I guess you could call it, I'm not really sure. But after listening I felt a deep love and devotion to Princess and a need to please Her in whatever way I immediately could. It's difficult to provide a proper review since I can't remember anything only a sense deep submission and awe for my beautiful dominant Huntress. She owns me. Forever.

Race through the deep forest...flee. Run right into a trance so deep its absolutely bewildering. Thus caught by The Huntress... who can then do as She pleases with my helpless sleeping mind... and apparently did things today... i awoke to such very pleasant sensations, and the unwavering certainty that Mistress Shelle owns me. i desire to serve as Her slave always and forever. This feels wonderful for me.

A file to hard to remember. I woke up completely forgetting everything, but so wonderfully good. There is a forest, and Princess was chasing me, this is the only thing I remember. And I know that being the pray for my Domina is the most amazing thing I can be. She ask "Can you escame me ?" Of course not, my Domina, of course not.

Hmm, how to review a file of which i have no memory? That might be a great review right there... I awoke from this file feeling utterly and forever owned, and very aroused. I belong to Domina Shelle, for Her to do with as She will, forever. I did enjoy this file immensely, i just can't recall it after the fact.

of course i cannot escape my Princess, it's hard to remember but great pleasure of Princess Shelle's voice, one of the best files and most erotic, Princess Shelle defines eroticism and fantasy in her style, in a different taste, i woke up feeling it's useless to resist, as always resistance reduces pleasure, and is not a healthy behavior, i Loved this file a lot, all Domina's slaves should try it
