Description

**Session:** 23 minutes

Time for you to become very AROUSED and HARD as your Domina implants a TRIGGER into your subconscious mind...Giggles..and your conscious mind won't even know what is happening. My excited pet, don't fight it, your Domina knows what you crave and yearn for.

My Good Boy, I know how you long for My sweet control! you realize that a single listen of TRIGGERED HARD won't be enough, you will crave to listen over and over again. your mind will be filled with thoughts of serving Me, sexy thoughts...as I invade your mind with erotic TRIGGERS that will leave you hard and dripping in prec\*m ...not to mention aching blue balls. Know how much your Domina loves having you aroused, hard and HORNY all the time with a swollen c\*ck, guaranteed!

So, My pet, lie back and let My powerful binaural take you deep, let My sweet voice capture your helpless mind ...as My triggers sink deep into your mind. Accept your place as My HORNY and AROUSED enslaved pet and LISTEN to TRIGGERED HARD.

**NOTE:** In order to experience the full and lasting effect of these triggers you should listen at

least once a day for 21 days.

i have listened many times, yet each time is the first. Like revisiting an old friend, this file has proved the power of Domina's hypnotic brainwashing.  
So addictive and so arousing, Domina's Sultry Southern Voice takes me to a heavenly place of pure feelings, awaking with no memory only more feelings and a desperate need to listen over and over.  
i have added this one to my nightly brainwashing loop, listening over and over and it is becoming more and more addictive.  
Just writing this review has obviously flipped the switch on one of Her triggers, it is so hard when Domina triggers Her slave.

For such a short file it sure did take me into a deep trance. It just amazes me how something that is only 23 minutes long can take you under and put you into a deep, deep sleep. I can't remember much about the file but feeling horny for my Domina. i wish i could remember more. The more i try to remember the more it seems to disappear. i liked the way it made me feel and will do what the file instructions say to do. Listen for 21 days.

This is something i can listen to over and over and over again. And over again. And again. One more time.

This file is extremely erotic and it will be very very hard to listen to this file for 21 days. After listening to this file I was exhausted and very horny. But need to listen again as soon as possible...

21 days is a strong commitment! But it is worth it. Triggered Hard is soft bombardment of sweet cotton ball words that begin to dominate by toughs after 5 days already. So cozy and sweet it is a pleasure to listen again and again. After 15 days I feel helpless as I need to think of Domina every 30 minutes. Her Triggers are everywhere. Straight forward, simple and effective brainwashing. For me just 6 days to go – 6 more days and I am sure my mind will completely crush under the soft attacks.

If you're new to Domina's sessi.

There is no sophisticated idea or scenario in this file, yet implanted suggestions will affect basically every future session.

The sound effects are awesome. Mistress's voice is sweet and relaxing. So if you're an experienced listener and currently desire not a fairytale, but some basic training – this session is for You.

Initially I was sceptical of whether the file has any impact upon me. After a week I find myself getting aroused with a yearning to hear Domina Shell's compelling voice. I tried to ignore the urging sensations in my groin but it is too strong. When I put the file on, I am beyond excited to hear Domina Shell's voice. I know Domina Shell is using my cock to fuck my brain but I cannot stop myself, and don't want to stop myself from listening to this file over and over.

After 3 days of listening, I'm really feeling the cumulative effects of this file. I'm not only addicted to it, I'm now obsessed with it. I can't get enough of it. I'm a little shaky, my head feels like it's stuffed with cotton, I'm aroused and craving my Domina. I have to wonder what's to become of me on day 21.

What a good timing Domina Shelle has released this file! With this powerful and wonderful file, I have found the Brain Chip series more compelling and effective and arousing! Thank You, Domina Shelle, for this fascinating file!

Well just from the first listening I already could see this will be a lot of mindless, horny, fun, maybe even a bit frustrating and Yes that means I actually remember what happened, but that's fine it rarely works for me to not remember what happened in a File, though as much as I do remember everything I don't care to think about it at all :P

Anyway this is a great File to let yourself fall even deeper under her spell and you absolutely will love the way how it happens ^^

This is a perfect trance for those who don't want to be called the trance. For those that listening to the trance have feelings going deep and feeling love, submission, and weakness to your Domina Shelled

I love this file. Every time I listen it's like I go into the most beautiful trance with the most beautiful voice Domina Shelle's in my ear and in my mind. I don't really remember a lot about it, other than I always feel WONDERFUL after listening. How can I ever possibly function in my life without Her control. My need for Her is so deep now that there can be no life without Her.

I've been listening to this for a few days now and it definitely increases in effect with each time. I don't fully remember what's in here, but a feeling of being highly aroused. A feeling that grows with each time I listen. If you want to give Domina even more control over you then I recommend you must listen to this.

Though I listened already several times I cannot recall any detail Domina did to me during this file as She took me very deep down. As I completely trust Her and obey I will continue to listen to this file for another 19 days. I think I recognized some further stimulation that certain trigger words of Her seem to make me more mindless, horny and HARD for Her. So I think whatever suggestions Domina did plant into my weak little mind they are working well.
