Description

Victim of Seduction (46 minutes)

Did you know that when I place you in a deep HYPNOTIZED trance, that it is natural and normal for you to vividly experience an imagined reality?... less so than in dreaming perhaps, but still in a state of complete absorption.

Therefore, through My undeniable influence and My power as a hypnotist, I am going to take you on a journey into EROTIC BLISS and Mind SEDUCTION where your conscious and subconscious minds interact. Seduction is not about the culmination or gratification of desire, it is about the thrill of the desire itself. It is the game that is played as the desire comes closer and closer, and being able to maintain that tension of wanting and needing.

So get naked and put on your headphones.

This sultry insatiable session will cause extreme sexual arousal and orgasmic bliss. I will open up your mind to feelings and mind stimulants that most ONLY dream about.

As you know, I LOVE MYSTERY. So that is all that I am willing to tell. The ride is much more

exciting when you don't know where you are going, don't you think?

i didn't know what to expect. So what happened came as surprise. It is a lot different than most of Domina's work. It is sort of erotic story that had me whimpering from pleasure but also some other reasons that i'm not revealing.

I adored this session. It ticked so many sexy boxes that the narrative could have gone a number of different directions and i would have been satisfied. Where it went though was pretty much the last place i expected. WOW! Talk about an explosive ending! To give any details about it here would be to spoil the surprise. Suffice to say that it shares elements with a number of different files, however the climax of the narrative was unexpected and incredibly erotic.

After this trance i had to check the title of the file - remembering only vague details, it felt like i had listened to several of Domina's files all at the same time - Reality - Phantom Seduction - Sleeping forest - Fantasy house? Wicked Princess caught me off guard and made me expect a sweet file with dream and sleep and sexy submission. But i ended up in a cold forest with real goose bumps all over and trapped in a house and it is not even Halloween yet! I love when Domina does that to me ??????????

Domina Shelle has me completely mind f\$cked and captivated the entire time! At times my heart was racing, at other times I was in complete bliss and ecstasy... Domina is not only a master at capturing your mind and thoughts but also using them like a master artist uses her paint and canvas to create and vividly bring to life ANYTHING she wishes within her subjects helpless mind... I've been dreaming of Domina EVERY night... She is truly amazing ??

Another masterpiece from Domina Shelle!

The sound effects really let me immerse into the story. The description mentions the arousal and orgasmic bliss, but i had no idea how hot this would be. I was shaking from arousal and then the final... wow!
