This file is actually a lot of fun in my opinion, Domina is always wonderful to listen to when She is being light-hearted, and yet a little wicked at the same time. i won't lie, i kind of expected the result, but that didn't make it any less pleasurable to simply let go of all control, and allow Domina to take me where She wished U/us to go. Accepting Her will is not just second nature now, it is a major part of my very reason for being... Surrender is always fun, and Domina makes it feel totally acceptable with this.

The soft tone and silky texture of Domina's southern voice is just so delicious to listen to. As with most files she will slip in and put you into trance before you actually realize what is happening. Domina Shelle is very good at easing her subjects into a mind obliteratingly relaxed state. This one was truly a wonderful experience. I will tell you that the best part of this session is when she wakes you... ahhh I've said too much. Now if you will excuse me I need to put my headphones on and press play.

Wicked acceptance broke through the last of my resistance... I am Domina's hypnotic plaything now... Everything makes sense now as I submit and surrender...

i'm not even aware of everything that happened during this hypnosis-file. i remember that Domina Shelle told me what would happen and i could not and did not want to do anything about it. Than i lost track. The most intoxicating part was the end, however. i could feel the extent of her control over me and my helplessness. Domina Shelle plays virtuously with the subconscious of her victims and demonstrates how powerful and skilled she is. A wow-moment for me.

It is a trance about trust and acceptance. And this is what hypnosis is about in the first place, isn't it? Domina uses soft and sweet powers to execute Her hypnotic control. I like to listen to this file as fresh up of Her control - especially as preparation for a longer playtime of assignments or chastity.

Hazy on the details, but woke feeling helplessly controlled by Domina and happy with that result.

i am just wow...i can't describe in words how amazing this File felt and usually i love to surrender to this lovely Princess, but i think this time i had not even the chance to surrender, cause somehow she made it happen before i even realized it, what i mean is i surrendered to her while listening without being aware about it, at some point she said something like you can't fight and i was like what? There i realized for the first time, that i have absolutely no resistance anymore, i let her do whatever she wants and for the ending, well it was a surprise and i understand how this can be shocking for someone, but hmm well i don't want to spoiler this...how do i say this, she already told me the same thing a few days ago, so for me it was more like a reminder and made me just smile, cause i love to be under her total control anyway...i hope it works like this and i don't spoiler someone

Accepting Domina Shelle -- accepting the power She has over you -- feels better and better the more Her voice coaxes you down to deep submission. With this file, Domina Shelle opens you completely. It's the most penetrating and arousing experience I have had so far under Her control.

Domina Shelle's ability to bring you down DEEP and SUBMIT in this file is stellar! A powerful file that left me relaxed, aroused, and ready to accept Her control.

This file is a very clear lesson in just how powerful Domina Shelle's hypnotic abilities have become and in terms of being an extremely deep trance is perfect at that. The bonus parts in it only add on top of that amazing experience and accepting new levels of control, however She decides to bring that about, is always exciting to hear and experience.

What a wonderful file to listen to. Domina Shelle stated exactly what she was going to do, i.e., she was going to hypnotize the listener. She's very good at what she does. She certainly put me in the right frame of mind to be entranced as I easily relaxed to the sound of her voice. The ending was a bit of a shocker. Thank you Domina Shelle!

Domina's voice is gentle and soft, lulling you into one of the deepest trances ever... i don't remember everything that happened while i was under, but i do know i loved every minute of it, and woke up to an amazing present from Her in the form of a post-hypnotic suggestion! i can tell i will definitely be listening again and again.

No spoiler here, what a great trance file, by a wonderful hypnotist. Acceptance of being hypnotized has never been so wickedly shocking. She will do what she wishes to seal her control over you...
