It is a common feeling to float in trance. Sometimes arms and legs are not where they should be. Sometimes heavily pressed down,

sometimes extra light like hot air balloons. And after some training those feelings come all by themselves – easy triggered by the first steps into trance. Domina toys with the fact – and after some twisted suggestions and triggers I float trapped in a hypnotic predicament bondage. Sweet and wicked hypnotists – this is why I ended up under Her spell in the first place. And now I hope it was just fantasy – or I am in trouble this time!

This is SO frustrating; you have no idea what you're in for. It figuratively and literally drove me up the wall this morning (and any. I'd recommend taking a couple of days off if you're going to get the most out of the post-hypnotic suggestions; I found they REALLY messed with my morning routine.

This creation of my beloved Domina is really sneaky. Through powerful suggestion She took the control i had over my body away from me. i was only a helplessly aroused pet who could only listen to Her sweet voice and had no control of myself anymore. Even after listening this effects are still there and drive me nearly crazy. i love to be such a helpless puppet for my Domina.

Perfect title for this file, for sure. Princess Shelle places you in a delicious Catch-22 situation. Without going into details, you're basically set up and there's no way out of the trap She puts you in. It's devious, it's wicked, it's pure hypnotic bliss. Loved it! Thank you, Princess Shelle!

I kept going in and out.....deep and then not so deep....hearing what You were saying and having no idea what was going on.....kinda confusingI assume that was Your plan.....well Princess as usual You are amazing.....and if i am not mistaken no cumming....lots of edging.....DAMN Princess it is awesome.....You are totally in my head.....oh god I am so in love with You and need You so badly. And now....I am still in chasity.....and it is all for You...to please You....to obey You.....to fall deeper under Your spell. Thank You Princess Shelle.rnm

Is going to say straight up. Devious Princess is devious in this one. I absolutely can not get too in depth into the content of the file as it would spoil all the fun (especially Hers). But given the content of the file She certainly lives up to being a wicked Princess. I will say that if you don't like being erotically frustrated... the file is not for you. I will also say that if you want to give more control to Princess this file is wonderful in that regard. I would recommend this file to people who respond extraordinarily well hypnotic suggestion as this file is interactive in that regard. The harder subjects who have a difficult time responding will not get the most out of this file.
