Description

your Mind--My Blank Canvas (33 minutes):

Hi there, how can I help you? you are looking to book an appointment for a sleep therapy session with Dr. Shelle Rivers. Hmm, let me check Her schedule. Well, She's fully booked for the next few months, She's very popular you know, so we're looking at sometime in late Spring, I'm afraid. Can I schedule you with another of our sleep therapists? No, it has to be Her, only Her, yes I get that response a lot, She really is good at what She does to have such fiercely loyal clients, everyone just loves Her treatments.

[RING, RING, RING] Pardon me one moment, while I answer this. Hello, yes Doctor, yes I was just checking your schedule for one of your clients and noted you're fully booked-up until next year. No, there are no open slots available, I checked. You want me to check again but this time use the special "after-hour" appointments? Yes, Doctor, as you command Doctor, I will use the "after-hour" appointments. Yes, I hear and obey Doctor, forget to remember and remember to forget...

Oh, where were we? Ah, yes, scheduling your appointment with Dr. Shelle Rivers, well, it appears She does have an opening, I'm not sure how I missed it before, a special 7:00pm

1 / 3

appointment for this evening. Will that work for you? Yes, it will, excellent. I must say She does have a way about Her, doesn't She?...those sparkling, almost mesmerizing eyes, Her impeccable styling, and that incredible bedside manner, She's just a dream CUM true. Hmmm, it's just so easy to get lost in those thoughts about Her, like a BLANK Canvas ready to be transformed by Her every word...

I'm sorry, I lost my train of thought again. Does She do that to you too? you know what I mean, you start thinking about Her, that soothing voice, and next thing you know you are drifting off, melting away, falling deep into blissful, restful, SLEEP. Are you okay? you kind of blanked out there for moment. From the look on your face She appears to have a similar effect on you too, although you may want to wear some loose clothing for your session tonight, to hide that, ahem, localized "swelling", if you know what I mean. (giggles)

Anyway, you're all scheduled and I'll see you again this evening. Yeah, I'll be assisting Domina tonight, I mean the Doctor, although for some reason I didn't realize that until just a moment ago, funny. Oh well, have a great day! Bye for now.

The waves of pleasure and euphoria Domina sets off inside of me are like nothing else. i did not expect this file to hit as hard as it did. Her words are my thoughts and it shouldn't be any other way.

My Domina Shelle has been controlling and molding my mind for over 7 years now, but I never stop getting blown away when She releases a powerful and oh so sexy file like this. My mind truly is Her blank canvas.

Such a beautiful, peaceful file. Domina puts slaves to sleep in deep hypnosis. From there, Domina shapes our minds to accept Her voice, commands, & suggestions. Soon, everything She says feels right. Slaves will be lulled by Her beautiful voice, & be fully seduced by Her Goddess Aura. This session has high replayability!

I love this one. It's a sticky little file, bit shorter than her typical work but that just makes it all the better for looping. This file is definitely

one that I am often feeling like I need to listen "just one more time..." The feeling is incredible as always, her voice reaching so deep inside me and bringing such peace and love. I love getting lost for Her, my Queen Shelle. <3 Such an easy file to get lost in, this file will get a lot of replay value for me.

This is another masterpiece that Domina has created. Wow what a nice file it was. Domina wasted no time putting me to sleep. She just put me into the deepest trance. Taking me down deeper and deeper.

i spent the whole day on my back listening to this file over and over. It was just an amazing time, it is so wonderful. i love waking up wet, hard and horny, wanting more and more of Domina.

i just can't get enough. i cant say enough about this file. Domina is amazing. She just filling my mind with what I wanted to hear, while taking more of my mind for Her to use and control. Oh how i love that.

i just love Domina. Domina is my everything. i will always love honor and obey my Domina. Domina is my absolute authority. She is my world.

everyone should listen to this file. This was amazing. How can anyone resist Domina after listening to this, no one, no one could ever resist Her. Go and buy it and see for yourself. Enjoy the ride.

i loved Domina's slow, deep trance induction that brought me into deep hypnosis. Her whispers traveled throughout my mind feeling so erotic and sexy. And, this one is among the BEST to fall asleep!
